## GM Makes New Offer, 3-Year Pact

Offers Similar Terms to Ford Settlement

DETROIT (UPI)—General Motors, under a Sept. 30 strike deadline, today offered the United Auto Workers Union a new proposal for a three-year agreement.

The basic terms of the proposed agreement were similar to those of a settlement reached between the UAW and Ford last Wednesday.

THE PROPOSAL, which GM said would mean a substantial economic progress and security to more than 230,000 employees, contained 19 specific improvements in pay and benefit plans for GM employees represented by the union.

It would become effective as of Sept. 1, if agreement is reached on all national and local issues by Oct. 1, a GM spokesman said.

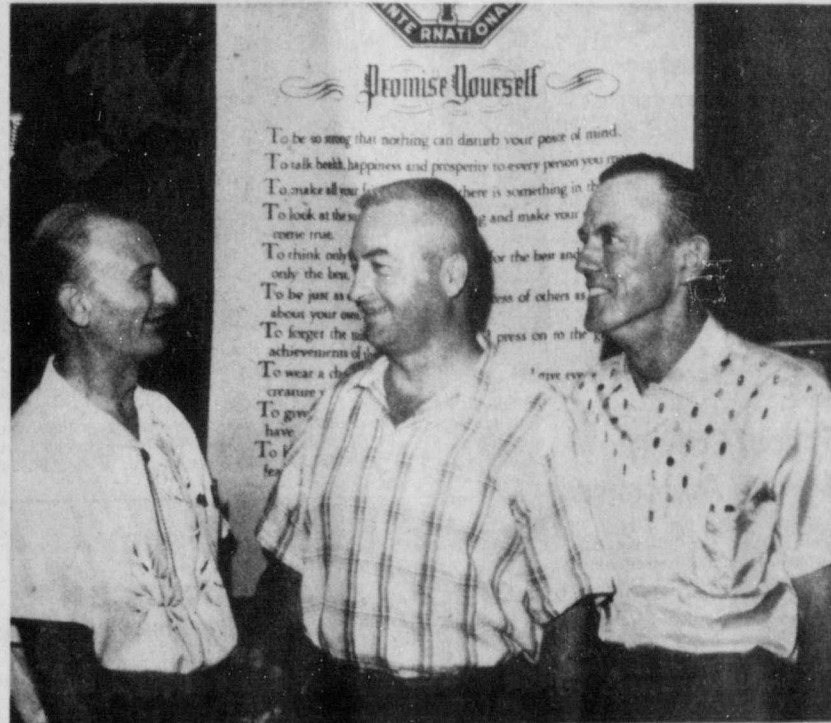

THE PRINCIPAL feature of the new proposal is renewal of the wage formula under which employees would receive three annual pay increases totaling at least 21 cents per hour during the life of the agreement. The first increase would be retroactive to July 1.

The employees would receive an increase of 3 cents per hour in their cost-of-living which have taken place in the last four months since the cold contract expired during the Memorial Day weekend.

OTHER FEATURES which paralleled the Ford agreement were an offer of an additional 8-cent-an-hour increase for skilled trade employees, severance benefits and improvements in the supplemental unemployment benefit plan, pension plan and insurance program.

"Our earlier proposal for a two-year extension of the expired agreement was a sound and liberal offer," GM Board Chairman Frederick G. Donner said. "But we are willing to make this new and improved proposal for a three-year agreement in the interest of a longer period of labor peace and stability."

UAW reaction to the new GM offer was not immediately available, but union sources had indicated they would not be satisfied with just a "carbon copy" of the Ford contract at either GM or Chrysler.

VISITING LT. GOVERNOR Monroe Marlowe, left, of the 14th Optimist Club district, is welcomed by President Bill Zeck, of the Palm Springs Optimist Club and President Oscar Schicks of the Desert Hot Springs Optimist Club. Marlowe was principal speaker at the Village club's first fall meeting at the Howard Manor this week.

## Red Leader Warns Again Of New War

Given as Reply To Request for Aid in Solution

By United Press International President Eisenhower is expected to reject or ignore Soviet Premier Nikita S. Khrushchev's demand that U.S. forces leave Formosa voluntarily or be driven out by the Red Chinese.

Khrushchev's warning was issued in a reply to Eisenhower's request that the Soviet Premier use his good offices to halt the Red Chinese bombardment of small Nationalist-held islands in the Formosa Strait.

KHRUSHCHEV WARNED that Russia will join Red China in repulsing any U. S. attempt to prevent the annexation of Formosa. This, he said, would touch off World War III.

The harshness of Khrushchev's propaganda blast was not expected to soften the West's stand Monday when the U. N. General Assembly will vote on whether Red China should be admitted to the world body.

ONLY FRIDAY, the 21-nation steering committee voted 12-7 with two abstentions to approve a U.S. resolution recommending no action on Red China's admission during this session of the General Assembly.

The Chinese Communists suffered setbacks earlier this week when Nationalist supply ships, escorted by American vessels, broke through a bombardment blockade and reached the defenders of the beleaguered Quemoy Islands in the Formosa Strait.

Despite Khrushchev's warning, American forces indicated they intended to stay on Formosa for a while. It was announced Friday that ground-to-air Nike Hercules missiles are being assigned to Formosa and more troops will move in to operate them.

## Red Officer Killed Trying To Flee to West

BERLIN (UPI)—The newspaper Bild Zeitung reported today a Russian officer was shot and killed Friday night in an East Berlin elevated railway station while trying to flee to the West.

The newspaper said the officer was shot down by four Red military policemen at East Berlin's Schoeneberg Station.

The officer, a lieutenant, was caught at the station when he left one train and ran to catch another, the newspaper said.

## Appeals to County

# Chamber Seeks Billboard Action

Highway 111 billboards were again brought under fire by the Palm Springs Chamber of Commerce today.

Chamber directors cited billboard zoning violations and called on county officials to "take necessary action to control the further erection of any billboards on Highway 111."

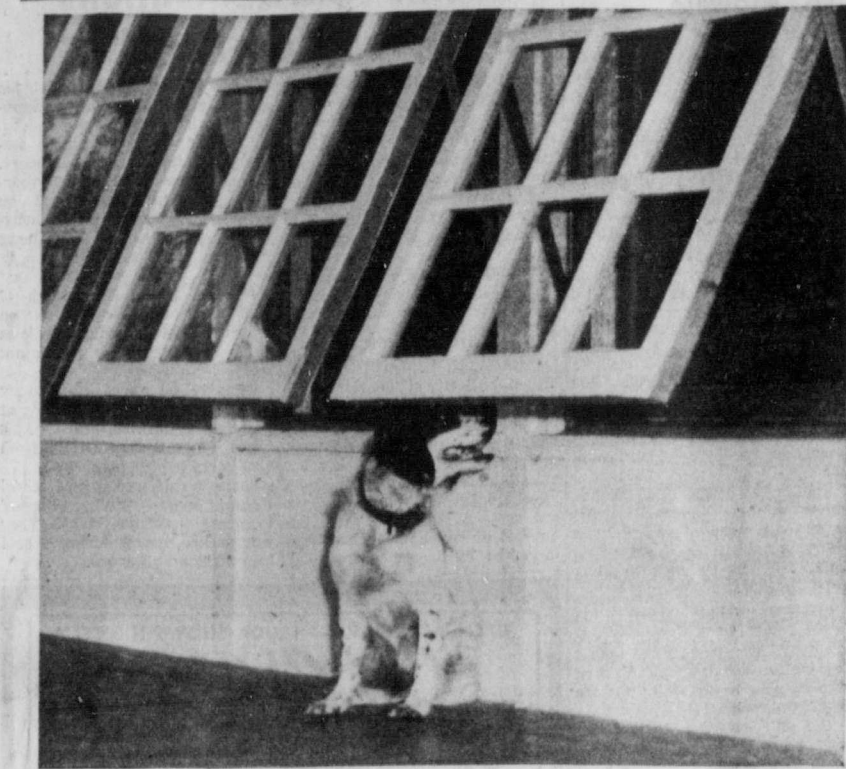

IN A LETTER TO County Planning Director Tyler Suess, Chamber Manager Jimmy Cooper outlined anti-billboard action requested in a motion passed by chamber directors.

They cited billboard violations along the scenic Highway 111

route and noted that there are billboards "pending construction" in the area between Palm Springs and Indio and between Palm Springs and Highway 99.

SUGGESTING THAT the Planning Commission and the Board of Supervisors take action to prevent these signboards from blooming, the chamber asked that interim controls be arranged until studies on permanent regulations can be made.

"Some of our most scenic areas in Rancho Mirage, Palm Desert and Indian Wells are gradually being littered with these unsightly structures," Cooper said.

SMITTY, WHOSE LITTLE master Bobby Crawford is starting another year of school studies, truly believes that it's a "cruel world." The little dog looks forlornly in the window of Mrs. Elizabeth Plyler's classroom at Frances Stevens School, possibly thinking of how he has been divided from his master and friend, to whom he was the closest companion during the summer months. Children in the classroom, peering from the windows of the school, were twice asked by Mrs. Plyler to return to their desks, and continue their studies. "Smitty?" He waited patiently for a recess, and for school to be out, when he could trot along after his master. (Desert Sun Photo).

## Enrollment Sets New Record at End of Week

Enrollments in Palm Spring schools was today set at 3,103 students at the end of the first record-breaking week of the fall term.

Eclipsing the last year's record 2,787 pupils, the current enrollment was just one point below last year's peak registration.

THIS YEAR, PEAK registration, usually reached at mid-year, is expected to exceed the 3,500 mark, according to school officials.

A breakdown of this week's enrollment shows that 894 students attended classes at the high school by the end of the week. Last year, 766 enrolled in the same period.

ELEMENTARY SCHOOLS housed 2,209 pupils this week, including 473 at the junior high school. The count for last year had 2,023 in the first eight grades.

Individual school enrollments this week were:

Palm Springs High School, 894; Nellie N. Coffman Junior High School, 473; Cahulla School, 291; Cathedral City, 291; Cielo Vista, 430; Desert Hot Springs, 158; Katherine Finchy, 358, and Frances Stevens, 208.

## Whitewater Man Injured by Fall Into Grease Pit

WHITEWATER —Edward Wallis, 81-year-old Whitewater resident, is in Riverside County Hospital today suffering from what could be a skull fracture, suffered when he fell into an open grease pit here yesterday.

Wallis received emergency treatment at Pass Memorial Hospital in Banning, and then was transferred to Riverside.

Sheriff's deputies from Banning said that the elderly man apparently fell into the grease pit at a garage facing on the old highway while looking for a young girl, Patsy Anderson, who had been left in his care.

According to the Banning Sheriff's substation the girl is at her home, but no further information was known.

# Latter-Day Saints To Build Church

Plans for construction of a \$225,000 church here were today announced by the Latter-Day Saints Church.

Church officials said the building plans have been approved by the City Planning Commission and City Council and ground-breaking is expected in about eight months.

PROPERTY FOR the church, purchased through the Culver Nichols real estate agency, comprises two acres on the east side of Avenida Caballeros at the intersection of Chia Road.

Plans call for a large church building with a connecting recreation hall and classrooms. In keeping with Mormon Church traditions, officials said, the

## Supervisors to Have Nine Desert Area Items Monday

Nine items of interest to the desert area were today listed on the agenda posted for the regular Monday meeting of the Riverside County Board of Supervisors.

Desert matters scheduled for supervisory consideration include:

Abandonment of a portion of Madison Avenue, near Indio.

Application of E. C. White for a permit to establish a trailer park in the Salton Sea area.

Report of approval of a variance given to G. M. Holstein for apartments in the Tamarisk Country Club area.

## Many Little Rock Students Transfer to Other Schools

LITTLE ROCK, Ark. (UPI)—An exodus of high school students to schools in other parts of Arkansas and even in other states was reported today.

The movement of students out of Little Rock indicated that many parents were tired of waiting for the schools to reopen either as integrated or all-white institutions.

DISSATISFACTION WITH the closing of schools in Virginia also was indicated. Parents were trying to set up a plan which would enable their children to attend classes in private homes, lodge halls or churches.

These parents did not claim the new makeshift system would end the integration controversy that has closed three schools in Charlottesville and Front Royal. But they believed it would give some schooling to the 1,700 students who are now idle.

HERE IN LITTLE ROCK, television was being used as a stop-gap school until classes are resumed in the city's four high schools.

## Weather

Desert Area Forecast: Generally sunny today and Sunday. Locally windy afternoons, slightly cooler north portion both days. High temperatures today 92 to 100 upper valleys, 100 to 108 lower valleys.

Request of the Anza Fire Protection District for a temporary transfer of \$10,000.

Letter from the Riverside Motor Dealers Association, relating to county-wide sales and use tax.

In Arkansas's other major integration controversy, 12 Negro students who quit Van Buren High School two weeks ago because of a white students' anti-integration strike will start back again Monday.

U.S. District Judge John E. Miller refused to grant the Negroes an injunction against the school board Friday, but he suggested that the school board see they are protected.

TELEVISION LESSONS, which began today, are on film and are a pilot program for six hours' a day over three Little Rock commercial stations.

School Superintendent Virgil T. Blossom reported that 210 of Little Rock's 3,480 high school students have transferred to other schools.

Of those who have transferred, 130 were from Hall High in the city's best residential section. Hall has a total of 717 students, meaning that 17.7 per cent of its student body has gone.

Central High, the center of the controversy, has lost 80 of 2,071 students in transfers. Little Rock Tech and Horace Mann, the Negro school, have lost no students by transfers.

UAW reaction to the new GM offer was not immediately available, but union sources had indicated they would not be satisfied with just a "carbon copy" of the Ford contract at either GM or Chrysler.

PALM SPRINGS ROSE PARADE Float fund drive received a boost yesterday when members of Sigma Phi Lambda, high school service and activity organization, presented to Float Association treasurer Herb Foster a total of \$115, which the Real Estate Board sponsored club had raised for this purpose. Making the presentation,

left to right, are Pat Kerzin, Donivee Ellison, Lynne Gerhart, Jackie Ellison and Cindy Hall. A campaign is now under way to have each person in Palm Springs contribute \$1, which would provide all funds necessary to enter a float in the Jan. 1 parade. (Anderson Photo).

## Distinction of New TV Season To Depend on 'Live' Comedians

By FRED DANZIG  
United Press International  
NEW YORK (UPI) — Whatever distinction the new TV season acquires will, in large part, depend on how well the returning "live" comedians make out.

Milton Berle, we are assured from Hollywood, is ready to yoke it up again.

And in New York, we find Jackie Gleason, perhaps less round but surely as boisterous as ever, looking dan-dan-dandy in pre-season workouts.

GLEASON RETURNS on CBS-TV Friday, Oct. 3, after an absence of 1 year, 3 months, 11 days. He hopes the public will enjoy the show and doesn't worry about what the critics think of it.

"I don't do my show for the critics," he said. "After a while, they are influenced by the public, anyhow. A classic example is 'The Honeymooners.'"

"THE CRITICS SAID it was bad to put it on film. They said it would be stilted. They ran it down every way they could. Now, that same series is one of the highest-rated shows on TV and those same critics are calling them comedy classics."

"I have a clipping service and I save all the derogatory remarks the critics write about me. Sooner or later, they refute themselves."

Sometimes they contradict themselves three, four times. I save the clips for my own amusement. Every actor should do it," said Jackie.

GLEASON RECENTLY completed a videotaped "Playhouse 90" version of Saroyan's "Time of Your Life," which will be seen on CBS Oct. 9. The mustache he grew for that show has since disappeared. So have 60 pounds of the man.

"It's a secret, how I took off the weight," Jackie said. "We'll make it public in good time." He hopes to start his new TV series weighing 200 pounds, and still has some reducing to do.

Buddy Hackett, another heavy-weight comic, replaces Art Carney as Jackie's sidekick on the new show but Gleason hopes to have Carney on as a guest.

## Dancers Raise \$293 for DHS Youth Center

DESERT HOT SPRINGS — Proceeds from a special "Teenagers' dance have launched the DHS Youth Center building fund with \$293.

Added to donations by the DHS Optimist Club, the dance proceeds swelled the fund to a total \$398, according to August Forget, chairman of the club's Youth Center committee.

Forget said the club also has a floor plan for a building of 4,000 square feet and a donation of cement flooring from Oscar Schlicke, club president.

## School Safety Slogan Announced

"Never Cross the Street Between Parked Cars" is the safety slogan for children boarding Palm Springs School District buses during the week beginning Sept. 22.

A new slogan each week will be recited by youngsters as they board their school buses, according to George Bond, district transportation supervisor.

## Plans for Biggest 'Penny Carnival' Are Announced

DESERT HOT SPRINGS — Plans for the biggest "Penny Carnival" in Desert Hot Springs history were announced today by Chairman Hugh L. Green.

Green said the carnival, designed to raise funds for the Angel View Crippled Children's Foundation, has set this year's goal at \$20,000.

TO HELP ATTAIN the goal, the annual carnival has been extended to run for three nights and two days, running from 6 p. m., Friday, Oct. 17, through Sunday, Oct. 19, instead of the one-day schedule of the past.

The carnival will be staged on a block square of vacant lots, between First and Second Streets on Palm Drive, Green reported.

ANOTHER MAJOR change in the program is the addition of amusement rides for children and adults, booths and a stage, brought in by the SJM Enterprises, a Fontana amusement firm.

An advance sale of ticket books for children's rides, costing \$1 for a book of 12 tickets, will be offered.

Other new features include "Hula Hoop" contests, baby con-

## Driver Training To Be Extended To All Students

School officials today said they hope to offer "behind-the-wheel training" to all students enrolled in driver education classes this year.

George Bond, school district transportation supervisors, said practical driver training is now offered to almost all these students by four instructors.

LAST YEAR, BOND noted, many sophomores who had no driver's licenses were unable to participate in this phase of the driver education program.

Bond now hopes that all the students will be able to receive "behind-the-wheel" training. He expects to train 300 students this year.

CARS FOR DRIVER training classes are furnished by Stack's Chevrolet and Palm Springs Ford Agency, Bond said. Each car is used for five periods a day.

New driver training instructors are Donald Smith, Richard Hough and Roger Gilmore. Bond also instructs the driver education classes.

New military aircraft are tested in a hangar where they are subjected to temperatures ranging from 65 below zero Fahrenheit to 165 above.

## Drivers Urged To Observe Laws on Buses

California Highway Patrol Commissioner B. R. Caldwell today urged all drivers to review traffic regulations governing conduct when approaching or passing school buses.

"Now that school has reopened, we are again receiving complaints from school bus drivers that some motorists are not complying with the school bus stopping law," Caldwell explained.

SPECIFICALLY, THE law requires that motorists must stop and remain standing whenever a school bus displays flashing red lights. These lights are mounted near the top of the bus, two in the front and two at the rear.

The law provides that the bus driver may use the flashing red lights only when a student must cross a street or highway to board the bus or after alighting from the bus.

"WHEN THESE RED lights are not flashing, it is safe to pass a stopped bus, having due regard for traffic and for any children who may be in the vicinity of the bus," Caldwell added.

The only exception to the stopping requirement occurs when there are separate roadways. A motorist bound in the opposite direction on the opposing roadway may proceed without stopping when the red lights are flashing.

## Students Told Regulations On School Work Permits

Palm Springs school students under the age of 18 were today reminded that their summer work permits expire Sept. 21.

Paul Summit, school district director of special services, said that students under 18 must secure new permits if they plan to work during the school year.

PERMITS MAY BE secured from George Mannington, coordinator of work education, at his office in the high school administration building, Summit said.

Reviewing laws governing students working after school hours, Summit noted that 12 and 13-year-old children may not work on school days, except to do babysitting and gardening. These tasks do not require work permits.

PUPILS FROM 14 through 17 may not work after 10 p.m. on school nights, according to laws of the state labor board, Summit said.

Out-of-school youngsters may obtain blanks for work permits at the school district office, 538 North Palm Canyon Drive, from 8:30 a.m. to 4:15 p.m.

Summit cautioned high school students against "cutting classes" to secure application blanks. They will not be issued during school hours, Summit warned.

## Gannon Reports Excellent Real Estate Sales in Summer

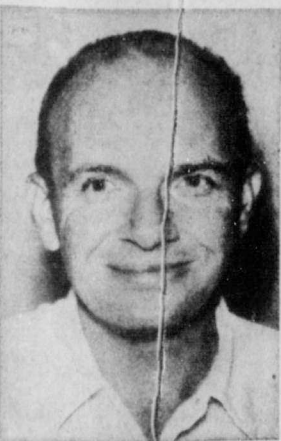

"Operation Upturn" has set the pattern for real estate sales during the past summer at the Gannon Realty Co.

Phil Short, sales manager for the company, announced an all-time high sales total in excess of \$500,000 for the three summer months, along with the first 15 days of September, reflecting a diversification in income, residential and acreage buying during the summer.

INCLUDED IN THIS figure were over \$400,000 in homes, which were seven Meiselman built homes in Palm Lane Estates and a very palatial home in the Little Tuscany area. Also included in this figure were a number of lots, both residential and income, acreage and multiple units, the sale of which was in excess of \$125,000.

"This optimism in buying will follow into the Fall months," stated Short in referring to the about-to-be announced sales program for the Palm Springs Golf Club.

THE GANNON REALTY Co. is

now offering choice homesite for this multi-million dollar project, encompassing an 18-hole championship golf course, residential subdivision, shopping center and a garden cottage area with attractive bungalows.

Other major projects initiated during the summer, along with the Palm Springs Golf Club and subdivision, has kept Palm Springs building abreast of its record 1957 year and augurs a season of maximum activity for "America's Foremost Desert Resort," Short said.

Samuel Morey of Oxford, N.H. is said to be the first man ever to apply steam to marine navigation. He built a steamboat in 1797, 17 years before Robert Fulton's boat made its first trip.

## Knowland's Hour

WASHINGTON, D.C. — Maybe "Somebody Up There" loves us, after all. How else to account for Senator William Knowland, the Formosa frontliner, running at just this time for the governorship of California?

Were Knowland merely seeking Senate reelection, it would be a contest somewhat like 34 others this year. But Knowland for the California governorship means Knowland and Knowland's rugged Americanism for a big and conspicuous showdown on the Red China question.

WHEN KNOWLAND announced his candidacy for the governorship last year, it was unpredictable that the Chinese Communists would resume trouble-making in the Formosa Strait. In Korea or Southeast Asia, yes. But so quiet was the Formosan front that California Democrats began carving hearts on tree trunks, joining their names with those of the Chinese Communists.

Such was the apparent fondness of the California Democrats for the Chinese Communists, that they offered just about their all for Red China—admission to the UN; eventual recognition by the U. S. and, meanwhile, trade.

IN CALIFORNIA, with its vast Pacific waterfront, these are not meaningless caresses. These are love-plays toward Red China with whom the USA is in a cease-fire way in Korea and close to a shooting war in the Strait. It could be enough to elect Knowland to the governorship. There never was a clearer issue on a serious and lofty subject. Knowland has a world reputation as the fierce and implacable enemy of Red China.

THE DEMOCRATIC party in his State is on record for appeasement, for doing business, for giving respectability to this mortal foe of our country, this unshriven killer of thousands of our sons and brothers. How can Californians see the issue any other way? Will they not go cheering to the polls to make their feelings known?

A writer should not, as a discerning critic once said, pester his readers with questions. I would much rather declare these sentiments than leave them in the air. But before writing this piece, I talked by long-distance phone with a colleague in California. To a Washington-based reporter, it seems to go without saying the Californians see Red China as a campaign issue and that they are steamed up over it. But I could not get this assurance from my colleague.

WAS KNOWLAND gaining supporters by the thousands? Had the Formosa affair caused a shift in the odds toward Knowland's chances? I did not get the affirmation that I expected. I did not get the feeling that Californians are as incensed, from a national viewpoint, as they ought to be.

But there are six weeks of the campaign to go. It is almost beyond credibility that Californians will miss this chance to make it known in Moscow and Peiping that Knowland, the Number One anti-Communist in American public life, has the approval of his home folks.

"THERE WILL BE NO appeasement," said President Eisenhower concerning Red China in his telecast of Sept. 11. Heavenly days! Senator Knowland

said that nearly 10 years ago. Knowland, in the face of slander and derision, insulted by the likes of Owen Lattimore as "the Senator from Formosa," made the policy stick through two opposing Administrations.

The Senator's views are not identical with mine. My foreign policy is very simple. "Bring the Boys Home!" and quit these entangling alliances. But we must not cut and run under fire. The knots will take a long time to unsnarl. And Chiang Kai-Shek is the fightingest ally in sight.

SO, UNTIL SOMEBODY shows us how to disengage from the death dance of internationalism, Knowland holds the best record in America for being right about these things. He has inflexibly opposed trusting Communists like Tito and mistrusting anti-Communists like Chiang.

Not long ago Chiang's UN representative, Tingfu F. Tsiang, wrote a letter to the editor of the N.Y. Times to make some facts known about the Nationalist Chinese government. It seems a cumbersome way for an ally to have his case brought before the American people, but never mind.

CHIANG IS THE pre-war unfiler of China (1927-37); he fell from favor after the war, just as Churchill did in England; he is President of China by its only legitimate Constitution; he is a co-founder of the UN; he has written that the defeat of Communism will require 30 per cent force and 70 per cent non-military measures.

Anything wrong with this? Anything wrong with Knowland for sponsoring this sort of ally? —Holmes Alexander

## Dear Abby . . .

DEAR ABBY: Recently, after doing my shopping, I came home in a taxi. A woman sitting in the seat beside me spied my portable radio. She asked me if I took it shopping with me and I said, "Yes," and then she said, "What on earth for?" I replied, "To hear the news and baseball scores" and then she looked at me like I was crazy and said "GLORY BE, WOMAN!" I held my tongue, but how I wished I could have recited the little rhyme I learned in Bible School. It went like this:

I am not what I want to be.  
I am not what I hope to be.  
I am not what I hope to be.  
But by the Grace of God  
I am what I am.  
Sincerely yours,  
MRS. R. T.

DEAR ABBY: I am a man who has only Eighth Grade education. I married a woman who graduated from college. Our marriage is as good as most of them, but my wife never lets me forget that she is smarter than I am. What can a man in my

position do? UNEDUCATED DEAR UNEDUCATED: Your wife may have had more schooling than you—but she is not smarter than you. If she were—she'd never let you know it.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

## Letters to the Editor

Editor, Desert Sun

During the months of September and October the Translator TV Station is having its campaign for donations to continue for another year and I want everyone to know what we are trying to do to improve TV reception.

Problem No. 1: Some Palm Springs areas receive a weaker signal, others have interference causing separation of picture and sound.

ANSWER: Over 16 months ago we made written application to the Federal Communications Commission for permission to double the strength of our sending antennae to correct this. But to date permission has not been granted.

Problem No. 2: Some locations outside the central Palm Springs area, down as far as Palm Desert, Rancho Mirage, and the Thunderbird area receive some Translator TV signals, but with interference and weakness.

ANSWER: More than six months ago another written application was made to FCC for permission to double the sending antennae strength again, which would make it three times its original strength, and also for permission to change the angle on the sending antennae. Permission to make this second change has not been granted as of this date.

Problem No. 3: Because of electrical difficulties we have not been able to turn-on and turn-off the channels at the proper minute which causes some programs go off the air too soon, or the following program to be cut off in the middle.

ANSWER: Months ago we made another written application to the FCC for permission to operate the channels by "Remote Control" which would allow us to turn on or off within a split second and correct this matter. Permission has not been granted as of this date.

These three applications to improve our Translator TV are still pending and are part of the record with the FCC in Washington.

We are told that these three changes will not be acted upon until the original hearing granted to the cable company is completed and a decision made. This hearing was completed last July, and the final legal briefs on this hearing will be submitted to FCC on Sept. 26, and we should have a final decision in October or November, and we are confident we will win this fight with the Cable company.

We are still operating with the original equipment and sending antennae that we first put on the air in March, 1957, because no changes or additions could be made without first getting approval from FCC.

When we get a favorable decision in the Cable company fight, then we should also get permission from FCC to make these changes and improvements which have been requested and held up for so long. It is the earnest desire of the non-profit Translator Station to make available the best possible free TV.

The Cable company's opposition to the free television for Palm Springs has not been able to put us off the air, but their actions have been able to keep us from making any changes or improvements for over a year and a half. It seems now that these delaying actions will end in the near future and a final decision in favor of the Translator Station is expected.

I am sending you this information in the form of "A letter to the Editor" because I believe the subject of improving free television for the Palm Springs area is of important interest to all of your readers. The future owners of the hundreds of new homes and apartments being built here should be interested, as the availability of good free TV effects the economy of Palm Springs.

Sincerely yours,  
Frank H. Bennett, President  
Palm Springs Translator  
Station, Inc.

What's wrong with thinking

of tractors and alfalfa in connection with the name "Coachella Valley?" And, who says the name "Coachella Valley" does not sell Real Estate and should be changed?

If it weren't for tractors we wouldn't have the abundance of alfalfa, grapes, dates, corn, beans, tomatoes, grapefruit, melons, milk, beef—in fact, everything we eat! These are also the things that have converted the beautiful Coachella Valley from barren desert wasteland into the "Garden Spot" of the country. They are also the things that have made it possible to sell real estate in the Coachella Valley.

As an example, the Edith Eddy Ward Real Estate office has just sold a 160-acre plot of ALFALA for over a half million dollars which is in the process of being developed into a smart Western Village with luxury ranch style homes—the first ranch to be built by William (Hopalong Cassidy) Boyd. What could be more Western?

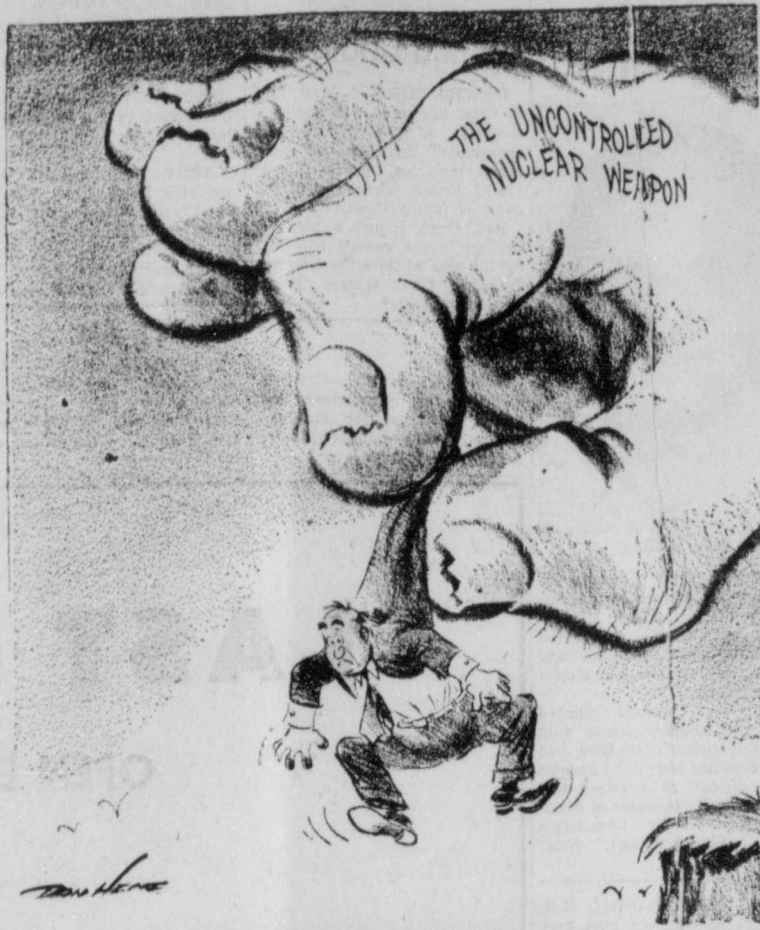

The Coachella Valley is being publicized all over the country. Coachella Valley grapefruit is known all over the world. Coachella Valley is also known as the only place in the United States where dates are grown. So, why not go ahead and promote the name "Coachella Valley" and all the communities in the valley instead of throwing it out and starting over with a new name?

It should be up to the people of the WHOLE valley who have sweat it out developing and promoting the Coachella Valley to decide if a good portion of it should "secede" and be renamed!

And, let's not forget that one of the most famous resorts in the world is located in the Coachella Valley—PALM SPRINGS! If it weren't for Palm Springs the area of Thunderbird, Rancho Mirage, Desert Air & Palm Desert, Eldorado, Bermuda Dunes and Indian Wells would not be the successful communities they are today!

Oh, how I wish again,  
I was in Michigan,  
Down on the farm.

BRIDGMAN, Mich.  
Wednesday, 9-17

What am I saying? I am in Michigan and down on the farm.

STRAIGHT THROUGH from Milwaukee, across a piece of Illinois and Indiana, into Michigan. Green country and lots of water.

Visiting another niece, Mildred, and her friend, Marguerite, both Chicago business girls who are trying to retire. They bought this old farm, remodeled the big barn and the house, the latter a charming spot, and kept the chickens and the cows.

PLUS THESE they have a long-haired dachshund, friendly animal and not at all the watch dog they planned.

Mildred is trying to retire from a big insurance company but still has to commute to Chicago twice a week. Marguerite is an executive in a big commercial printing company, the Brooks Advertising Company, and when the president went to the hospital she had to take over again.

She'd rather run the tractor and does every chance she gets—rain or shine.

AND A TOUCH of home. One of the exhibits at the printing company is a Chi Chi menu. Seems Morton Brooks, head of the firm was a recent Palm Springs visitor and while dining at the Chi Chi was so impressed with the artistry of the menu that he asked Irwin Schuman for one to take home with him and Mr. Schuman readily obliged.

LEARNED SOMETHING new today—or maybe I am being ribbed.

But, sitting on the back porch while the girls did their farm chores as a change from fine print in insurance policies and bigger print in brochures, noticed that the cows all faced in one direction, standing like statues like in that song from Oklahoma, "Oh, What a Beautiful Morning."

Then, as if at a given signal, they all changed direction in unison.

"WHAT GIVES?" I asked Marguerite. "Do you drill those cows?"

"No," she said. "Just milk them. But don't you know? A cow always stands with her rear end to the direction the wind is coming from. When it shifts, she shifts. More reliable than a weather vane."

I may be being taken in as a city boy, but, checking with the weather vane on the barn roof and the cows, so far she is right.

ALL BUT ONE mean-looking oblique. She was faced in just the opposite direction.

"What's the matter with her?" I asked.

"Oh, that's Eleanor. She's a non-conformist." The chickens I am not interested in except for what they can do for a man's breakfast. "We had some pigs," volunteered Mildred, "but they were so cute we couldn't bear to send them to market. They died of old age."

We drove up to Dublin on a clear Irish day. The fields are washed grass-green and the Shannon mirrors the white, fluffy clouds.

We are driving a pint-size British Austin. The names of parts of the car convulse my teen-age child. The glove compartment is "the cubby locker"—a more likely title to my thinking. Who keeps gloves in it anyway?

THE HOOD is "the bonnet." The steering wheel is on the left-hand side of the road. (When I remember it.)

"Petrol, sir?" said the man in the service station. "What's that?" she whispered. "Gasoline. They call it petrol here."

"Omigod!" What a wonderful world!

ALL IRELAND is soaking in the rainiest rains in many years. The Dublin papers this morning show pictures inside Kilkenny Abbey Church—four feet deep in water. But—

It has not rained on us once! This is a major disaster. I bought my daughter a new raincoat in New York. I assured her it rains somewhere every day in Ireland. This is my experience anyway. I am like a sponge in Ireland. "You promised it would rain!"

"MY DEAR, I STILL promise you it will rain. Though heaven knows I am not Jove. Hurling around thunderbolts, and such. It says here in the paper it is raining. AND flooding."

"I think they make things up in the newspapers." Scratch a journalist's child and find a cynic.

This morning in Dublin I pulled the curtains and looked out into gray, damp skies. I got the cynic on the intercom. "Look out the window." Wow!

TO JAMMETT with its polished brass antique stairways for lunch. And waited on by gray-haired Jimmy Beggan in his elegant tail coat.

The menu is in French. For the original Jammet was brought from Paris to cook for the Eng-

lish Lord Lieutenant of Ireland. It is the best of Dublin restaurants, drawing marvels out of the tasty Irish beef and the wonderful Irish brown bread and butter.

AFTERWARDS WE shopped in fashionable Grafton street. Walking up toward St. Stephen's Green.

"I've got to buy some grips," she said.

"No more baggage," I said firmly. "We are overweight right now. I have no intention of making TWA and Mr. Howard Hughes richer than they are."

"Grips," she said. "That's what they call bobby pins here."

WE LEARN a little more each day. Though the street signs in Gaelic are a stopper. Fortunately, most of them have the English translation underneath.

"Don't be bold," says the Irish mother to her child. Meaning "Don't get fresh."

My daughter sent out her laundry today. "Is it Miss or Mrs.?" said the maid. Such possibility of looking older simply makes a 15-year-old flip. "Miss or Mrs.?"

THIS MORNING I stopped to buy a paper while she went up ahead of me in the lift—that's an elevator, kids).

The lift boy is about 14. "Your sister's already gone up, sir," he said when I came around.

"Don't be bold," I said. But I gave him a shilling. Sister indeed. I went right up and looked at myself in the mirror in a pleased sort of way. Holding up very well. Very well.

MEMPHIS, Tenn. — Mink Bakula, 77, on W. gave up trying to paddle the length of the Mississippi River after peddling 1,700 miles of the course.

"My back is killing me."

MONTREAL — Cecile Dionne Langlois, one of the four surviving quintuplets, on being told she gave birth to a seven-pound, four-ounce boy:

"This is marvelous."

## GRIN AND BEAR IT By LICHTY

"It's up to you lads whether Figby 'U' becomes a great school . . . or consoles itself with mere academic honors! . . ."

## EARL WILSON:

## Buddy Hackett's Great Diet

NEW YORK — Fat TV star Buddy Hackett's back home in Leonia, N. J., after losing 15 pounds in eight days dieting at Dr. Walter Kempner's clinic at Durham, N. C. Very easy, too! Breakfast: Half grapefruit and tea; lunch, the same; dinner 6 oz. raw or cooked vegetables, unsalted, with all skins removed, because they hold salt. Buddy was just loving those luscious meals when Jackie Gleason summoned him home to rehearse for their "Fat Boy" TV show starting Oct. 3.

Yep, Eddie Fisher was booed when Steve Allen showed his coming picture as a "coming attraction." (But there were fewer boos than cheers.)

Maureen O'Hara — who knows something about Hollywood headlines — asked me, "Wasn't that Eddie-and-Liz Taylor but a publicity stunt? It read like it to me. They're all three tied up with M-G-M. Sounds like the publicity tricks the stars used in the old days."

James Mason predicts it'll make Liz an Oscar candidate again. But NBC's concerned about the pan mail Eddie's already getting.

Lauren Bacall, will seek consolation in Europe with close friend Mrs. "Slim" Hayward . . . Jack Barry predicted at El Morocco that the grand jury'll clear "21"—but said he'll continue his nightclub act because he wants to learn how to M.C. a big TV variety show . . . Nina Foch told Robert Horton to tell me she'll get her divorce early next year. But they do not plan to get married . . . When beautiful Julie Wilson, the St. Regis star, caught Joe E. Lewis at the Copa, Joe said, "Julie, I'll make you a bet. I'll bet you 3-to-1 I don't finish the show."

Jackie Gleason sent Toots Shor a homburg and spats in honor of his becoming a millionaire. An accompanying note said, "Now you're on the same team. Here's your uniform." . . . Tallulah Bankhead was phoned by reporter Cal Pellick at 3 a.m. to check a story. "Do you know what time it is?" she thundered. "You've a

nerve! How dare you wake people out of a sound sleep! Just a minute till I turn off the radio."

Comedians Eagle and man told Jayne Mansfield at the Hollywood Interlude. "For you life begins at 40—but most girls just aren't that lucky!" . . . Frank Ross of the Mary Kaye Trio sent Mary a shrunken head gag present with a note: "Will write more later. They're getting close."

Add "funny signs": Spotted by Pete McElroy on a brick wall of the terminal of the Staten Island Rapid Transit RR: "Please stop. No more track" . . . Phone book: "If your hair is not becoming to you, you should becoming to Fred the hairstylist!" . . . Seen by teen-ager Susan Cohen on a Brooklyn food store: "Eggs laid while you wait!" . . . Reported by Dennis Ellis of Newcastle, Wyo. who saw it at the entrance to Rawlins, Wyo., where considerable road construction is underway: "Hang onto your seats—'We're getting new streets.'"

Sluggo wrote this tribute to me for next Father's Day but decided it was so touching he wouldn't wait to release it:

"Daddy's a square  
In a rocking chair  
Daddy's really nowhere  
But he once had hair."

The Chicago Pump Room, noted for its waiters' showy uniforms, was the scene of a gag played on Frank Sinatra, who'd just been saying that nobody ever really paid any attention to waiters. Composer Julie Styne, with whom he'd been sitting, left the table, secretly changed into a waiter's uniform, returned to the table, and took Frank's whole order without Frank noticing who he was.

TODAY'S BEST LAUGH: Rhode Richards' canine carriage trade dog barber shop holds meetings of dog lovers which she calls "The Bow Wow Pow Wow." Two B'wayites were talking and one said, "Eddie Fisher's got a problem." His buddy screamed, "Liz Taylors a PROBLEM!" . . . That's earl, brother.

## MIKE CONNOLLY:

## New Social Set in Tinseltown

HOLLYWOOD—There's a new social set in Tinseltown. Where once a star was judged by the size of his swimming pool, the line slicing through the social strata now has those whose tele-pilot films have been sold to a sponsor on one side and those whose pilots haven't been sold. Or, as Gene (Bat Masterson) Barry puts it: "Actors today are satisfied with the simpler things of life—you know, personal appearance side-money, residual payments on re-runs, endorsements and a percentage of the ownership in their shows!"

SY WEINTRAUB is still going through the motions of finding a new Tarzan to succeed Gordon Scott, who bowed out of the apeman's treehouse to "go dramatic," have been preceded by 12 other Tarzans including Elmo Lincoln, Johnny Weissmuller, Buster Crabbe, Bruce Bennett and Lex Barker—but despite of all the hullabaloo I have it on pretty reliable authority the publicity-wise Weintraub has already picked his muscle-man from the pages of one of those muscle-man magazines.

Dinah Shore's definition of an optimist: "A person who doesn't believe what he reads in the papers."

DICK WIDMARK, still resisting offers to go on TV, told me, "I neither hope to nor have any TV plans whatsoever—oh, except that I just bought a new set!" . . . The referee in singer Mae Williams' bankruptcy petition put a price tag of \$100 on the charm bracelet she received from Ralph Edwards when she appeared on This Is Your Life. But he told her she could keep it.

Ken Murray is around town trying to sell a new Western series, El Coyote, that he shot at Universal. Which is to say he shot the first three segments and has story outlines for 36 more . . . And why wouldn't a teleseries based on Murray's fabulous wartime hit, "Blackouts," be a better idea?

DAVID SELZNICK switched those "eight or nine" specs he was going to produce this season (remember his big one a few seasons back about electricity?) to the 1959-60 season. Meaning probably never—because David has movie plans in addition to his Broadway-bound musical version of "Gone with the Wind."

Does Arch Oboler know that Lights Out, the title of his entire oldtime horror series on radio, is the title of ONE segment of The Millionaire series? . . . Bob Hope's definition of a husband: "A guy who co-stars at a wedding and from that day forward assumes a supporting role."

THE TVIZIERS were too late crying alarm about the quiz

show—AFTER the scandal struck the front pages. The time to have done it was when the cheap quizzers, all sleazy imitations of the big-time originals, started bouncing off the beam—before the cheapies, struggling to survive, started resorting to unethical practices.

Television Programs of America has reached an agreement in principle with Czechoslovakia on exchange of 13 telefilms, selected from our Lassie and Fury series, for an equal amount of Czech half-hour subjects. But TPA is insisting that the Soviet films, not Red propaganda.

KIDDIE SECTOR: Producer Eddie Alpersen is shooting a pilot film based on one of my (and maybe YOUR) favorite childhood books, "Black Beauty" . . . Money still talks, says Jack Kelly, but these days you have to increase the volume.

A local station announced a "Joan Crawford Revival Week" of Miss Crawford's old MGM-o-vies in its late-late slot, and guess who went out and bought her first TV set when she heard the news—Joan's old rival for the Queen-of-the-Lot crowd at Metro, Norma Shearer!

CULTURE IS VERY large in Los Angeles. Calvalcade of Books started its eighth consecutive year on Station KNXT with Nobel prize-winner Dr. Linus Pauling, the Cal-Tech scientist, introducing his new book, "No More War." Cary Grant tells me he won't go on TV to tell his new movies "because the public doesn't believe stars who say their pictures are good—it's been run into the ground—let somebody else say it, not this kid!"

In addition to her own new series, Maureen O'Hara is being duPont dickered for the mother role in a David Susskind-produced spec, "Swiss Family Robinson," with Ralph Bellamy as ol' dad Robinson.

ANOTHER LIKELY one, for Christmas, is Playhouse 90's proposal to "spec" the New York City Center's ballet, "The Nutcracker Suite" . . . Dan Duryea, who tried for years to break away from playing movie menaces, is raising the same old hue-&-cry in TV: "I want a comedy series—I've slapped enough women in my time to keep a psychiatrist busy the rest of my life!"

Hi Ho Silvers! Phil's coming West! The jointly-sponsored Schick Razor-Reynolds Tobacco Silvers series, You'll Never Get Rich, switches its fictional locale this year from "Fort Baxter, Kansas City" to "Camp Fremont, Calif."

Rock'n-roll, says Monique Van Vooren, is the kind of music that no matter what you play wrong, it comes out right!

## Ed Welcomes Return From Vacation Trip

**PALM DESERT** — From the sunny sands of Palm Desert to the dark and fathomless fjord of Squamish (near Vancouver) where civilization ends its last highway, was the trip completed this week by Ed and Polly Welcome.

Describing the fjord as "unbelievably beautiful," the Welcomes who left the desert two months ago in a house trailer rented especially for the trip, covered a total distance of 3,759 miles, with a two week stopover in Oswego, Ore., where they visited their daughter and son-in-law, Dr. and Mrs. G. G. Kelly.

The High Sierras, Lake Almanor, Mt. Shasta, Mt. Lassen and Crater Lake were also included in their itinerary before the happy vagabonds returned home via San Francisco and the Redwoods on coastal route 101.

Ed Welcome, who moved to Palm Desert about three years ago from the San Fernando Valley, is a partner in the real estate firm of Welcome - Kite & Co.

## Master Calendar Planned by Palm Desert Chamber

**PALM DESERT** — A complete "master calendar," listing all community meetings and social functions, has been set up at the Chamber of Commerce office.

Chamber Manager Lou Kuehner said the calendar is designed to make the chamber office "a clearing house for all community activities." Kuehner urged all area residents to call the chamber office, at RM 6-6111, between 8 a.m. and 12 noon, Monday through Friday, to report any meetings or social events.

## Burglars Hit Hotel, Garage

Uninvited guests "visited" a Palm Springs hotel and an auto dealer last night. Their score — a baggage cart, taken from the hotel grounds, and a tire and wheel, taken from the trunk of a new auto at the dealer's.

## Not Guilty Plea Entered, Trial Set

Robert Cecil Jones, 26-year-old Cathedral City roofer, entered a plea of not guilty in Superior Court in Indio this week, and was held for jury trial on Nov. 17. Jones was arrested Aug. 22 and charged with rape, sex perversions, and assault with intent to produce bodily harm, on complaint of a 20-year-old San Dimas model.

**PALM VALLEY SCHOOL** begins its seventh year Monday when classes get under way for the fall term. School Director J. Blake Field said he expects a full capacity enrollment of 100 students this fall. Classes range from seventh through 12th grades and are limited to 16 pupils each, "in line with our policy of providing the greatest amount of individual attention possible," Field said. This year, the school has dropped its sixth grade courses because of the lack of adequate space, Field explained.

## Widow Steals Socks for Her Eight Children

**DANVILLE, Va. (UPI)** — A widow with eight children was held here today on a charge of stealing eight pairs of children's socks from a local store.

Mrs. Ophelia Barker Gammon, 42, of Pelham, N.C., told officers after her arrest Thursday she had no money and took the socks because her children needed them badly.

Mrs. Gammon, whose only income is a \$49 monthly payment from the Welfare Department, was jailed when she was unable to raise \$150 bond.

The privilege of driving is evidenced by any one of 10 principal licenses and certificates issued by the State Department of Motor Vehicles.

1—Regular operator's license. Entitles you to operate any single vehicle having a maximum unladen weight of 12,000 pounds, and permits the towing of a trailer with a gross weight of 6,000 pounds or less.

2—Operator's license endorsement No. 1. Includes all the privileges of the regular operator's license, plus the additional privilege of operating any single vehicle whose unladen weight exceeds 12,000 pounds.

3—OPERATOR'S LICENSE endorsement No. 2. Bestows the basic privileges of the regular license, and permits the towing of a trailer of over 6,000 pounds gross weight, behind a vehicle with an unladen weight of not more than 12,000 pounds.

(None of the above entitles the holder to drive as a chauffeur. A chauffeur is "a person who is employed by another for the principal purpose of driving a motor vehicle on the highways and receives compensation therefor.")

4 — CHAUFFEUR'S LICENSE "C." To operate any single vehicle with a maximum width of 80 inches. Example: Average panel or pickup truck and taxicab.

5—Chauffeur's license "B." For any single vehicle over 80 inches wide—bus, van, large delivery truck or tank truck without trailer.

6—Chauffeur's license "A." Any combination of vehicles, any type or size truck and trailer.

7—Temporary license. Issued after application, and pending investigation by DMV of the applicant's driving record prior to issuing a regular license.

8—INSTRUCTION PERMIT. A limited form license issued to persons after application for regular license to use while receiving driving instruction, and subject to revocation the same as any other type license.

9—Junior permit. An emergency driving permit issued to minors between the ages of 14 and 16

years under certain specific circumstances. Examples: Upon certification by a physician that the illness of a family member makes it essential that the minor be permitted to drive. And upon certification by a school principal that the lack of school bus or public transportation facilities makes driving necessary to the minor's regular attendance in school.

10—SCHOOL BUS driver's certificate. Issued only to persons 18 years of age or over having a regular operator's or chauffeur's license. The certificate is issued by the Department of Motor Vehicles after investigation by the Highway Patrol and DMV of the applicant's character and driving ability.

It is subject to suspension or revocation under the same Vehicle Code provisions that govern all other licenses. And in addition, it may be suspended or revoked for other reasons, including moral turpitude. Its regulation is handled by a committee composed of representatives of DMV, Highway Patrol and the Department of Education.

NEXT WEEK — Examination For License.

In the Churches of Religious Science this week, the topic to be discussed is "Conditions Are Not Beyond Control."

Man makes circumstances; circumstances do not make man, explained the Rev. Lillian Caldwell, minister. There is that in the nature of Being which speaks creatively, and man's thought is that "something."

Thought—all thought—is creative," she continued. "We are not born into the world already aware that we are part with the creative essence of Life. This we must discover for ourselves through the process of living and learning."

I saw you barely miss a little boy on a tricycle this afternoon and heard you yell "Get the h - - out of the way. Don't you know any better than to ride in the street?" He didn't answer because he hasn't learned to talk very well yet, so I'll answer for him.

No, the little boy doesn't know any better than to ride his tricycle in the street. He has been warned not to, but little boys don't always heed warnings. Some adults don't either, especially traffic warnings, and those limiting the speed of automobiles.

I'm going to tell you something about that little boy. He has a mother who endured considerable inconvenience, anxiety and suffering to bring him into the world. He has a father who has worked hard and made many sacrifices to make him healthy and happy. The supreme purpose of their lives is to have their little boy grow up to be a useful man.

Now stop a minute and think. **IF YOU SHOULD KILL A CHILD, HOW WOULD YOU FEEL FACING HIS PARENTS?** What excuse could you give them for having robbed them of their dearest possession? More important, what excuse could you possibly offer Him whose Kingdom is made of little children?

Children, my hasty friend, were here long before you or your automobile were thought of. All the automobiles on earth are not worth the life of one little boy. We don't know what that little boy may be some day. **AND WE COULD GET ALONG WITHOUT YOU**, but we can't spare a single little boy in Palm Springs.

Eyes dazzled by the wonders of the world . . . are reappraising Palm Springs . . . as travelers return . . . The golden sunshine looks better than ever for its matchless . . . Some have walked the great streets of the earth this summer . . . Rue de la Paix, Fifth Avenue . . . the Bund in Hong Kong . . . Kala-kaua Avenue in Honolulu . . . Granville in Vancouver . . . Bond Street and Michigan Boulevard . . . and some have wandered through curious twisting pathways in native villages far from civilization . . . and to all of them Palm Canyon Drive with its fantastic lighted palm trees is the old charmer . . . Those scenic mountains of Switzerland fade out into staunch old San Jac . . . We're home and we love it . . .

Virginia and Frank Lloyd made a sentimental journey this summer . . . visiting the places where he grew up in England . . . They rented a car and motored all over the British Isles . . . The countryside was at its most beautiful green . . . but the summer weather was said to be the worst in England's history . . . hot, rainy and humid . . . They had a joke over there . . . when we were trying to put a moon in orbit . . . that if it were accomplished it wouldn't make any difference . . . they couldn't see it in England on account of the continuous over-cast . . .

The Loyds spent some time at the Savoy in London and saw "My Fair Lady" with the original cast . . . They did not go to the Fair because of the crowds and the heat . . .

They are back now at their Palm Springs home . . . and appreciating this California sunshine . . .

This new deal out at Desi Arnaz' Western Hills isn't a rain check like you get at the Racquet Club . . . it's a banking plan for spirits . . . with mixologist Gil Gross as the banker . . .

Here's the way it works . . . You ask a friend to meet you there for a drink and he can't make it until later . . . so you pay for the drink in advance . . . and he banks it by writing the friend's name on a card and filing it until it's cashed in . . . Then you have a remote control guest . . .

Another new wrinkle is . . . that "Double Your Age" golf tourney (strictly for duffers) that will be the first event at the new Bermuda Dunes Country Club's 18-hole golf course . . . Those with scores most closely doubling their actual ages will win handsome prizes . . . Only thing . . . who's telling their actual ages? . . . The links will be officially opened early in December with a mammoth barbecue party on the shores of the larger of Bermuda

Dunes' two fresh water lakes . . . The barbecue will be hosted by Ray Ryan and Ernie Dunlevie who are developing this 1000-acre community . . . that's unique even out here on the desert where just about everything's unique . . .

That taboo of mine . . . about accepting invitations to Los Angeles affairs . . . is keeping me away from a fabulous one tonight . . . when Hal Hayes is hosting a birthday party for columnist Cobina Wright . . . This was a temptation as I have never seen that unique house of Hal's . . . Real, real sorry . . . and a Happy Birthday to Cobina . . . who's pretty special . . .

Ran into Hilda and Eddie Meyerson and Baby K. C. in May-fair market the other evening . . . and said the usual "hi-when-did-you-get-back" . . . They have been in Seattle all summer (Eddie was pro at the Tennis Club there) and returned to Palm Springs last week . . .

Hilda's daughter Judy has entered USC (she was at Flintridge last year) . . . son Bill is in Palm Springs High . . . and Peter in Cahulla . . .

Ed and Jane Chapman are moving this weekend into their new Enchanted home at 275 Farrell Drive . . . which Jane is decorating in Chinese modern . . . The Chapmans were married just a few months ago . . . shortly before he took over the Ford dealership (Palm Springs Ford on Highway 111) . . . With the Ford company for the past ten years . . . he came here from Los Angeles where he lived in the Park LaBrea Towers . . .

Sandra Giles (she's in the "Match Maker") who is appearing at the benefit function in Yucca Valley which is a kick-off for the hospital drive there . . . is none other than Miss Eight Ball of the Press Club of Greater Los Angeles . . .

Always one of the prettiest rooms in Palm Springs . . . the Garden Room at Biltmore was a pleasant spot Thursday night when we arrived for the weekly buffet . . . and we found lots of friends in the comfortably filled room . . .

Esther and Jim Hammond were there with Irene Harlow . . . The Glen Austins were at the buffet table . . . The Earle Hendersons were dining with the Dick Atterburys . . . Rose Mints and Mrs. Florence Horn was there with her daughter . . . George Wheeler, who's leading a bachelor's life until Mickey gets home, dropped in for dinner . . .

The buffet looked wonderful . . . but our party, which included Nan and Art Letherby and Bob Nims, was really living it up that night . . . as our host Sam Levin insisted on personally preparing our dinner . . . and did a masterly job . . . Ruby isn't going to like this (i bet) but Sam fixed us some delightful shrimp which he insists is Shrimp Ruby . . . and I never did find out the name but the chicken dish deserves one . . . and was served with a chilled sauterne wine . . . It was a wonderful evening . . . and I'll try to report soon on those Friday night Poolside Picnics Biltmore has popularized . . . I keep hearing they are great fun, too . . .

Presenting arguments on the value of affiliation were two officers from the 23rd District California Congress of Parents and Teachers, Mrs. Jessie Cox, first vice president, and Mrs. C. E. Maine, third vice president. Accompanying them here was Mrs. Clara Noble, District parliamentarian and long-time P-TA worker. Also present was Mrs. Howard Deason, president of the Cathedral City P-TA, and Dr. Fosvett is historian of 23rd District.

Speaking against affiliation were Mmes. Margaret Taylor, Nancy Tuttle and Lorraine Hills of the Finchy Parent-Teacher Group.

After lengthy discussion, it was moved to adjourn without putting the question to a vote, but with the understanding that it is to be discussed further.

Group president Mrs. William Blondon conducted the meeting and Principal Chester Sproule introduced the guest speakers.

### Fishing Party Honors Returnee From Germany

A desert moon overhead lighted the scene as the Al Gardiners and their guests picnicked on the trout they had caught in the rushing waters of the Whitewater Fish Hatchery. Each guest caught three trout, which were cooked and eaten in this delightful canyon setting.

The party honored Miss Kathleen Cunningham, who is just home from Stuttgart, Germany where she did public relations work for the American Consulate. The guest of honor added to the entertaining evening by giving a vivid description of her visit to the Brussels Fair, telling in great detail about the exhibits of the various countries.

Mrs. Gardiner, Miss Cunningham and Mrs. Adelaide Cunningham, also a guest at the picnic were together in Europe and did the French Riviera last year. The other two women were also guests of Miss Cunningham in Stuttgart.

## Scores Upset Victory Over Oregon State

Sophomores Come Through in First Game of Season

LOS ANGELES (UPI)—Southern California was back in the national football picture today after scoring the first major upset of the college season Friday night by defeating favored Oregon State, 21-0.

The Trojans by their opening victory equalled last season's entire output of wins and looked ahead to more success, providing their sophomores and a few veterans can continue Friday night's inspired work.

COACH DON CLARK, in his second season at Southern California, gave credit for his initial home victory to the entire team but singled out sophomore line-men Dan Ficca and the McKeever twins, Marlin and Mike, as especially outstanding.

These sophomores, aided by veteran guards Frank Fiorentino and Walt Gursich, largely were responsible for holding Oregon State to 158 yards on the ground and 46 through the air.

THE TROJANS GOT off to a quick start in the first period on a 47-yard march featured by quarterback Willie Wood's 19-yard pass to Marlin McKeever on the one. Rex Johnston pushed over the first score.

But it was in the second period that Southern California won the game when Wood passed 38 yards over Oregon State halfback John Horrolo's head to end Hillard Hill for the second touchdown. In the same period sub quarterback Tom Maudlin threw a 23-yard pass to Marlin McKeever for the final score.

COACH TOMMY PROTHRO, who has never won a game in Los Angeles since taking over as Oregon State's head coach, attributed the Trojan victory to their line play.

Clark, carried off the field by his players on their shoulders, hailed the win as a "tremendous team effort. Our kids of last year matured and the sophomore came through like veterans."

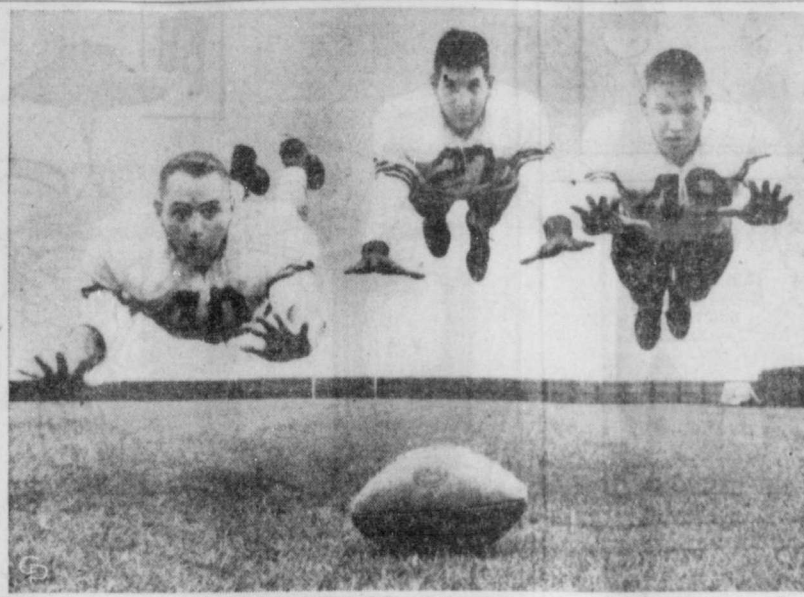

## Ortiz Avenges Earlier Defeat By Johnny Busso

NEW YORK (UPI)—Lightweight contenders Carlos Ortiz and Johnny Busso will meet in a third "rubber" match, now that Carlos has avenged his only defeat by outpointing Busso in their return TV fight at Madison Square Garden Friday night.

Managing Director Harry Markson of the International Boxing Club said he would like to have the two New Yorkers fight in late October or early November at the Garden.

In Friday night's 10-rounder, Ortiz, 22, and favored at 7-5, won a unanimous 10-round decision on a rounds basis: 5-4, 6-4, 6-4. The United Press International agreed, 6-4.

It was an avenging victory against the only professional who had ever beaten Carlos. Busso, 24, won a disputed split decision over Puerto Rico-born Carlos at the Garden, June 27.

THREE OF THE NAVY'S backs, left to right, Bob Correll of Ann Arbor, Mich., Joe Bellino of Winchester, Mass., and Roland Brandquist, Audubon, N.J., put on an aerial show for the benefit of the cameraman during fall practice at Annapolis, Md. Navy opens its season Sept. 27.

## 'Charlie Brown Rallye' Set by Sports Car Club

Resort area sports car pilots were today invited on a cross-country junket that promises to be a real challenge for the road and track fans.

An all-day navigational rallye has been programmed for Sunday by the Palm Springs Sports Car Club, Virginia Kidder, club secretary, announced today.

Title of this first fall club rallye — "Good Grief, Charlie Brown," indicates plenty of puzzling twists for the roadway sports-sters.

The rallye leaves DeMuth Park at 7 a.m., Sunday, pausing only for a breakfast stop after the takeoff. Entrants were asked to bring a picnic lunch, extra water and a Southern California road map.

Entry fee is \$2 per car. Winner receives trophies and all participants will be handed dash plaques.

## Browns Meet Detroit Today In Exhibition

United Press International — The Cleveland Browns take another crack at the only team they can't handle, the Detroit Lions, in Saturday night's only National Football League exhibition game. The game will be played at Cleveland before about 35,000 fans.

The other 10 clubs will play their final exhibition games Sunday. The Chicago Bears visit the Washington Redskins, the San Francisco Forty-Niners entertain the Philadelphia Eagles, the Los Angeles Rams play host to the Pittsburgh Steelers, the Green Bay Packers and Chicago Cardinals play at Minneapolis and the New York Giants meet the Baltimore Colts at Louisville.

## Littler Takes Two Stroke Lead

HESPERIA, Calif. (UPI)—Par-shattering Gene Littler from Singing Hills, Calif., held a two-stroke lead today at the half-way point in the 72-hole \$17,000 Hesperia Open with a total of 129—15 strokes under regulation figures.

Littler's clubs were really singing Friday when he carved out a 10-under par 62 on this desert oasis course. That was the third time in three days a competitive course record was broken.

Littler took the lead away from Jerry Barber, the 42-year-old pro from Los Angeles who nabbed second place at the half way mark with 63-68—131.

## Braves Pennant Party Delayed

By MILTON RICHMAN  
United Press International

Don't invite Bob Friend and the Milwaukee Braves to the same victory party.

Friend made sure there would be no such party for the Braves Friday night when he scored his 22nd victory by pitching the Pirates to a 4-2 triumph over the Phillies.

THE BRAVES could have assured themselves at least a tie for the National League pennant had they beaten the Redlegs. Instead, big Don Newsome defeated them, 7-1 and left their "magic number" at two.

So, the Braves will try again today, sending Lew Burdette, the man who figured in their pennant-clincher last year, against the Reds. A victory today will guarantee the Braves a pennant tie; a Milwaukee victory, coupled with a Pittsburgh defeat, will enable the Braves to break open champagne in celebration of their second straight N.L. flag.

FRIEND LIMITED the Phillies to five hits and recorded his sixth straight victory as he became Pittsburgh's biggest winner since

## UCLA Rated 7 Point Favorite Over Pittsburgh

LOS ANGELES (UPI)—UCLA, playing its first game in 10 years without head coach Red Sanders, meets the University of Pittsburgh today at the Coliseum in its football season opener.

The Bruins, under the direction of new head coach George Dickerson, were seven-point favorites to drop their Pittsburgh foes. It will be the first time the two teams play each other.

Dickerson, who planned to pour all seven of his "five-game seniors" in the first contest, must have been a little uneasy about his team's third-place rating when the University of Southern California Trojans dunned the heavily-favored Oregon State team, 21-0, Friday night.

## Swede Lowers Mark

TURKU, Sweden (UPI)—Dan Waern of Sweden, a sub-four-minute miler, set a world record for the 1,000 meter event in an international track meet Friday when he was clocked in 2:18.1.

## Rams Given Nod Over Pittsburgh

Meet Sunday In Exhibition • Tilt at Coliseum

LOS ANGELES (UPI)—The Los Angeles Rams are seven point favorites to defeat the Pittsburgh Steelers tomorrow in a National Football League exhibition game at the Coliseum.

Both teams still have 38 players—three above the league's limit which must be met by Tuesday—so they will be trying as many of their players out as possible.

RAMS' COACH Sid Gillman said he would give center Johnny Morrow the nod to start the game against the Steelers, and this after Morrow had been practicing only three days.

The Ram rookie of 1956 ended that season at the center spot and was away all last year and part of this while serving in the Army. Frank Ryan, quarterback Bill Wade's understudy, will start the game against the Steelers' Earl Morrall.

THE STEELERS should offer the Rams some stiff competition, particularly in the line where they have three all-pros, Ernie Stautner, Bill McPeak, and Dale Dod-rill.

Underlying tomorrow's game will be a contest between two players who in the ordinary course of things are not rivals at all. Halfback Tom Wilson and end Del Shofner will be out to prove their mettle because one of them probably will be dropped from the lineup next week when the Rams go against the Cleveland Browns in the league opener.

The rivalry is the result of Jon Arnett's versatility in playing both halfback and end positions and he will occupy the position of the man who shows the lesser talents against the Steelers.

## Dodgers' New Faces Win Again Over Chicago

CHICAGO (UPI)—The Dodgers' "New Faces for 1959" shoot for a seventh straight win over the Chicago Cubs today.

Manager Walt Alston's rookie-studded lineup walloped the Cubs, 5-1, Friday in the series opener and gave the Los Angeles Dodgers a clear title to sixth place in the National League.

Alston expressed delight at the showing of his newcomers. "They have all looked good so far," he said. "I hate to single out any one man, but if I had to, I'd point to Ron Fairly as the most consistent."

## Perris Wins 13-12, Arabs Lose 14-6

Three pre-Riverside County League games last night brought out a good assortment of final scores.

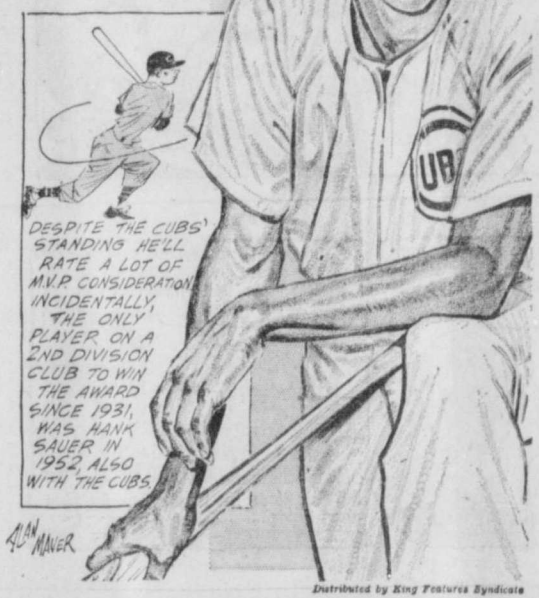

The Coachella eleven was beaten in its game with Brawley, 14 to 6, with the Wildcats' Ray Dial leading the attack against the Arabs.

In Perris, the Panthers eked out a win over Trona, 13-12, with Perris' Roy Tunnahill setting the pace.

A 6-6 tie score was the final tally in the Hemet-Victorville game in Victorville. Both teams scored in first half action.

## Halas Back

## Bears to Improve On 1957 Record

By ED SAINSBURY  
United Press International

CHICAGO (UPI)—The 1958 Chicago Bears won't finish last in the National Football League's Western Division, owner-coach George Halas says, but he won't predict that they'll finish first either.

Halas, returning to active coaching after a two-year lapse in which assistant Paddy Driscoll directed the club to the division title before a 1957 slump, claims he can't rate his team since he wasn't an active coach last year.

"I JUST KNOW THAT anybody that says we're going to win it is awfully premature," he said. "I won't say we won't, but I won't say we will."

Actually the Bears could have a good chance. Last year during the training season, and the actual season the Bears were lackadaisical. This year, they're not. There's a snap to their performance that was missing in 1957, and both the players and coaches returning admit that "we're working all the time."

DEFENSE SHOULD be the strong point of the club. And if the offense improves, the Bears might go all the way.

A year ago in overall defense, the club led the league, ranking second in defense against passing as well as ground attack. This year the same horses are back plus some rookies and a returned service man, Charlie Sumner, in the secondary.

"WE'RE BETTER now than we were last year," defensive coach Clark Shaughnessy said, "and we'll get better all season. We've got one real find in rookie Bill Roehmelt, and Jesse Whittenon is

working out fine in the backfield." The defensive setup should be expert with Bill George calling the signals from a linebacking spot, and veterans Fred Williams, Bill Bishop, M. L. Brackett, Doug Atkins, and Jack Hoffman up front. The offense could improve. Ed Brown and Zeke Bratkowski are battling for the quarterback spot and each will get starting assignments during the season "on how they perform the week before," Halas said.

AT FULLBACK a rookie, Merrill Douglas, a power runner from Utah, was expected to spell regular Rick Casares. A rookie also could help at the slot back post. He's Ralph Anderson from Compton Junior College. He'll have to beat out veteran Bill McCall for the job.

The single halfback spot might be improved. J. C. Caroline was switched from the defensive platoon to offense and has been impressive. Rookie Johnny Morris from Santa Barbara has looked good, and Willie Galimore has been a standout, scoring four touchdowns in a recent exhibition game with Cleveland. But Halas figures on Cleveland only as a "spot" performer and one of the other pair probably will get most of the work.

## Steelworkers Union Officials Sure of Unity

ATLANTIC CITY, N.J. (UPI) — Officials of the United Steelworkers of America were confident today the giant union will be solidly united when it meets to thrash out a new contract with the basic steel industry next spring.

The steel workers Friday, ended a five-day convention which gave its president, David J. McDonald, an enthusiastic vote of confidence by moving to oust the leaders of a rebel faction.

Union officials felt the dramatic move—carried on in a tense atmosphere marked by frequent emotional outbursts—closed their ranks and ended a two-year intra-union feud touched off when the monthly dues were raised from \$3 to \$5 at the last convention.

The insurgents were led by Donald C. Rarick, McKeesport, Pa., millhand, who unsuccessfully opposed McDonald for the presidency of the 1,250,000-member union last year. Rarick, who polled 223,516 votes in losing by a 2-1 margin, made it clear he would challenge the convention action by taking the issue to the rank and file.

The rebel leaders technically will be in the union until the normal trial procedure runs its course. Rarick also hinted he may take court action before that.

Pickell was hospitalized for better than a week for treatment of injuries received in the beating.

According to Earle Mitchell, manager of the local Western Union office, Pickell will return to the job by the end of the month.

man was on the spot to get this picture of the wall falling, as it was helped along by Sgt. Robert Young and Bob Flavin. Mrs. Ude suffered from severe shock as a result of the accident, but was released from the hospital yesterday and sent home. The Udes live at 695 Grenfall Road. (Desert Sun Photo).
